# ABOUT YANMAR

Everywhere around the world you will find YANMAR solutions: at SEA, on LAND, and in the CITY. We specialize in designing and producing top-of-the-line engines and cutting-edge machinery. To provide powerful solutions that meet the challenges customers face today in order to realize our mission: 'A SUSTAINABLE FUTURE'.

## Global player

With beginnings in Osaka, Japan, in 1912, our ambition and commitment to growth is rooted in our long history as a global player. For over 110 years, we have been driving innovation in our industry. In fact, back in 1933, we were the first company to develop a commercially viable compact diesel engine. With over 25,000 employees worldwide, we are a global force in the industry.

## Innovation

At SEA, we are leading the way in developing sustainable propulsion solutions and exploring hydrogen-based power. On LAND and in the CITY, we implement electric batteries for industrial machines and power generation. And when it comes to autonomous products, YANMAR robots work in French vineyards and unmanned robot tractors drive in Japan.

## YANMAR Europe

Since 1989, YANMAR Europe B.V. started operating from Almere, near Amsterdam, serving as European headquarters responsible also for Africa and Middle East. Our team of around 200 dedicated professionals with 24 nationalities under one roof in Almere provides sales and service support of compact industrial engines and tractors, takes on the assembly of commercial marine engines and the supply of spare parts to the EMEA markets.

## VACANCY

# What are you going to do?

As an Accounting Specialist at YANMAR Europe you will be part of a collaborative and diverse team (consisting of 9 people), where your expertise and dedication will drive our financial excellence forward. Your primary goal is to provide comprehensive support to the Finance Manager in achieving the targets of the Finance and Accounting department. Your role encompasses various financial functions, from day-to-day financial operations, assist in audits, prepare financial statements, and actively contribute to budgeting, planning, and forecasting processes. Your engagement will extend across all business segments, providing valuable financial analytics, insights, and guidance to facilitate decision-making. As a proactive participant in long-range financial planning, you'll play a vital role in shaping financial policies, procedures, and strategies. With your keen attention to detail and continuous improvement mindset, you'll help maintain efficient financial flows and ensure compliance.

### Your main tasks and responsibilities

- Manage day-to-day financial operations and maintain communication with various departments;
- Assist in audit planning, financial statement preparation, and engagement with external auditors;
- Contribute to monthly reporting, annual budgeting, and quarterly forecasting processes;
- Proactively engage with business segments to provide consistent and simplified financial analytics for decision-making;
- Participate in long-range financial planning, initiate policy improvements, and support the Management Team in financial strategy.
