

**YANMAR**

# **EF725T TRACTOR**

72HP

**POWERFUL  
VERSATILE  
FUEL EFFICIENT**

**YANMAR is a Japanese company with 100 years of history in building diesel engines. It has since grown to be a global leader in production of agricultural machinery, industrial diesel engines, engines for marine and pleasure boats, construction equipment and energy systems. With presence in over 66 countries, YANMAR enters the Philippines in joining the nations to redefine the agricultural industry and provide sustainable future for all the Filipinos.**

# POWERFUL ENGINE

**Unbeatable Level of Powerful and Efficient Engine**

Yanmar high quality engine installed  
**TNV Diesel Engine**  
2500rpm

# VERSATILE

**Rotary Tiller**

## SPECIFICATIONS

|                              |                      |  |
|------------------------------|----------------------|--|
| <b>Model</b>                 |                      | <b>EF725T</b>                            |
| <b>Drive type</b>            |                      | <b>4-Wheel Drive</b>                     |
| <b>Dimension</b>             | Length(mm)           | 3,670                                    |
|                              | Width(mm)            | 1,865                                    |
|                              | Height(mm)           | 2,600                                    |
| <b>Weight (kg)</b>           |                      | 3,670                                    |
| <b>Engine</b>                | Model name           | <b>YANMAR 4TNV98</b>                     |
|                              | Type                 | Vertical, 4 cylinder water cooled diesel |
|                              | Maximun Output (PS)  | 72.0                                     |
|                              | Displacement(cc)     | 3,319                                    |
|                              | Fuel Tank (lit)      | 70                                       |
| <b>Steering System</b>       |                      | <b>Power Hydrostatic</b>                 |
| <b>Clutch</b>                |                      | <b>Dry, single clutch</b>                |
| <b>Brake System</b>          |                      | <b>Mechanical, wet disc</b>              |
| <b>Traveling</b>             | Single lever reverse | <b>Equipped</b>                          |
|                              | No. of gears         | <b>8 forward/ 8 reverse</b>              |
|                              | Forward speed(km/hr) | <b>2.9-31.8</b>                          |
|                              | Reverse speed(km/hr) | <b>3.0-32.4</b>                          |
|                              | Max speed            | <b>34.7</b>                              |
| <b>Power Take Off</b>        | Type                 | <b>SAE1, 3/8inch (35mm),6 spline</b>     |
|                              | Speed(rpm)           | <b>Gear: 540 @2,409 engine rpm</b>       |
|                              |                      | <b>Gear: 720 @2,287 engine rpm</b>       |
| <b>Hydraulic arm control</b> |                      | <b>Draft Position Control</b>            |
