Yanmar Exhibits First “Engine Booth” at EXCON 2019 in India

<Yanmar booth>

On December 10-14, 2019, Yanmar Co., Ltd exhibited at “EXCON 2019”. This acronym stands for “Exhibition on Construction Equipment & Construction Technology”, and was held in Bengaluru, India.

EXCON is one of the largest construction equipment exhibitions in India, with more than 1,200 Indian and global OEMs exhibiting, and around 70,000 visitors.

Yanmar and Yanmar India Private Limited (YIPL) set up the first “Industrial Engine Booth” at EXCON. Yanmar showcased vertical water-cooled diesel engines, production of which is scheduled to begin in 2020 at “Yanmar Engine Manufacturing India Pvt. Ltd (YEMI)”, a new industrial engine plant based in Chennai, India.

The 4TN98S vertical water-cooled diesel engine drew strong interest from visitors as it is a new developed engine that is ideal for use in the conditions present in the Indian market.

<4TN98S>

Displacement: 3.32 L

Output: 36.3kW/2,100min⁻¹

Max. torque: 209Nm/1,100min⁻¹

Regulatory compliance: CEV BS III / BS III A (tractor)

<About Yanmar>

With beginnings in Osaka, Japan, in 1912, Yanmar was the first to succeed in making a compact diesel engine of a practical size in 1933. Then, with industrial diesel engines as the cornerstone of its enterprise, Yanmar has continued to expand its product range, services, and expertise to deliver total solutions as an industrial equipment manufacturer. As a provider of small and large engines, agricultural machinery and facilities, construction equipment, energy systems, marine equipment, machine tools, and components, Yanmar's global business operations span seven domains.

On land, at sea, and in the city, Yanmar's mission of "providing sustainable solutions focused on the challenges customers face, in food production and harnessing power, thereby enriching people's lives for all our tomorrows" is a testament to Yanmar's determination to provide us with "A Sustainable Future."
