

For Yanmar Marine International, located in Almere, we are looking for a:

SOFTWARE ENGINEER

Due to the rapid business expansion and forward integration YMI is currently looking for a Sales Order Specialist for a Software Engineer for the Development team.

Objective

Develop and maintain the software for the Control system of Electric propulsion systems in a Marine pleasure craft. The type of projects includes:

- New product development
- Value Improvement projects
- Quality improvement projects

Position Description

Software development content

- Responsible for Control System of Electric propulsion
- Integrate electronic components; Control Head, Display, E-motor controller...
- Writing system specification
- Programming software
- Function test
- System validation
- System implementation.
- Software maintenance
- In addition, you will:
- Follow Development policies and procedures.
- Maintain Electric schematics & software documents for development changes.
- Work regularly with colleagues in different Yanmar business units across the world.
- Support development specifications which must be fulfilled for end –user information, such as: manual, charts, and product materials.
- Apply knowledge of company products, policies and practices through standardization of parts and products.
- Gain and apply knowledge on customer needs, competitive systems, regulations and standards.

Requirements

- Bachelor's degree in software engineering (or equivalent)
- Knowledge of CAN protocols (e.g.; SAE-J1939, CANopen, NMEA 2000)
- Fluent English in speaking and writing
- Ability and willingness to travel internationally
- The ability to work both independently and in a development team
- Didactic skills, in particular for visual and textual content, using video/photo equipment
- Excellent organizing, time management, collaboration, communication, and administrative skills
- Flexible and hands-on approach with customer interest in mind

Workbase is in Almere, therefore candidates must live within an acceptable distance and must have a permanent residence- and work permit for the Netherlands.
