Yanmar America and TYM Sign Supply Agreement for Tractors

Adairsville, GA (January 19, 2023) - Yanmar America Corporation has announced a supply agreement with TYM Corporation to provide 3 models of Yanmar-branded tractors. The tractors will be launched in 2023 and available in the North American market.

The agreement builds upon the existing cooperation between Yanmar and TYM groups, where Yanmar supplies its powerful and reliable TNV diesel engines to TYM for their range of sub compact and compact tractors.

“This partnership with TYM offers a broader portfolio of product solutions to meet customer needs”, said Jeff Albright, President, Yanmar America. “Furthermore, it extends our relationship beyond our successful collaboration in the engine domain to grow our businesses in the rural lifestyle and farm sector.”

“As we look towards expansion of our tractor lineup, we are excited at this opportunity to deliver a superior experience to our customers,” said Jon Richardson, Director, Rural Lifestyle Division, Yanmar America. “These products will be designed and built with Yanmar diesel engines and customized to meet Yanmar’s exacting specifications.”

Both Yanmar America and TYM will continue to explore opportunities for differentiation and expansion of the product offerings to better accommodate the diversified customer needs in North America.

About Yanmar America Corporation

Yanmar America Corporation, located in Adairsville, GA, is the regional headquarters of Yanmar Holdings Co., Ltd. a global company based in Osaka, Japan. Yanmar was established in 1912, and in 1933 became the world's first manufacturer to develop a practical small diesel engine. Today, Yanmar is a recognized leader in the design and manufacturing of advanced performance diesel engines and diesel-powered equipment, as well as gas

engine-based energy systems. Yanmar America Corporation is located at 101 International Parkway, Adairsville, GA 30103. For more information, please visit yanmar.com/us.
