## Yanmar America Delivers Deluxe Suspension Seat for YT2 Tractor

Yanmar's Deluxe Suspension seat offers unparalleled comfort for operators.

Adairsville, GA (May 9, 2023) – Yanmar America Corporation, a leading manufacturer of compact and sub-compact tractors based in Adairsville, GA, has introduced a new mechanical suspension seat for its popular YT2 tractor. The Deluxe Suspension seat is designed to provide greater comfort and support to the operator while working in rough terrain.

The seat features a low-profile design with 1.5 inches of suspension motion and an EVC\* anti-vibration system that reduces operator fatigue and increases productivity. The standard seat covers are made from durable sewn vinyl, and the seat height can be adjusted for added comfort. Additionally, the seat can be adjusted forwards and backwards to provide a customized fit for operators of all sizes. Optional OEM features, including an operator presence switch and seat belt, are also available. The new suspension seat is a welcome addition to the Yanmar tractor lineup and is sure to

enhance the operator experience for years to come.

"The Deluxe Suspension seat for the Yanmar YT2 tractor is a game-changer for our customers," said Jon Richardson, Director, Rural Lifestyle Division, Yanmar America. "With its low profile and advanced features such as the EVC anti-vibration system and adjustable height, operators can now work comfortably for extended periods of time with greatly reduced discomfort and fatigue. We are proud to offer this innovative solution to our customers and are confident that it will enhance their overall experience and productivity while using our tractors."

\*EVC: Elliptical vibration-assisted cutting technology is used to accurately shape seat materials to reduce vibration.

### **About Yanmar America Corporation**
