Our Brand Statement

A SUSTAINABLE FUTURE

— New value through technology —

The new value we aim to create

in 2016, we adopted the spirit of our founder as our new branding statement.

The founder of YANMAR
MAGOKICHI YAMAOKA

About the QR code for the content experience

- We will lend you a wristband for the content experience at the reception upon entry.
- In the Challenge Area, your challenge begins by scanning the QR code on your wristband with the QR code reader of each content.
- YANMAR Points are accumulated based on the result of experiences. YANMAR Points and your nickname on the wristband will be reset after the wristband is returned.
- On the day only, you can transfer the points accumulated on the wristband to the YANMAR Card and continue to accumulate points. If you would like, please purchase a YANMAR Card at the reception. (sold for 200yen)

Wristband

01 Registration of your nickname

You can register your nickname at the Nickname registration machine in the Challenge Area.

※Your nickname can be registered by the Nickname registration machine for the first time only. You can change or update your information by accessing "Challenge Sign

How to use

Start your "challenge" by scanning your QR code at the QR code reader on each content.

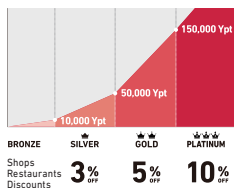

How to check your YANMAR Points and ranking

You can check your YANMAR Points and ranking by scanning your QR code at "My Earth" QR code reader on the 2nd floor.

YANMAR Card can be rewritten (printed).
The reader writers for YANMAR Card are
located next to "My Earth" on the 2nd floor and
to the left of the exit in the Challenge Area on the
1st floor.

04 About the rank

A rank won't be granted even if you accumulate YANMAR Points.
When you transfer YANMAR Points to the YANMAR Card, a rank will be granted.

ENGLISH

Give it a try!

The Exciting Future Challenge

Here at YANMAR, we believe that challenging opens up for the future.

Magokichi Yamaoka, the founder of YANMAR wanted to help those in need to create a better future. In the unwavering spirit of challenge, he succeeded at developing the world's first small scale diesel engine.

This is a museum to help instill young generations with the same challenging spirit through exciting experiences.

YANMAR MUSEUM
