Urban Style

The CX570 is more than a yacht—it's a floating stage for entertainment and leisure.

From exhilarating ocean adventures to sophisticated urban nights, the CX570 crafts a luxurious, quality-driven experience with stunning views and vibrant onboard entertainment.

INTERIOR

A sanctuary of comfort and relaxation

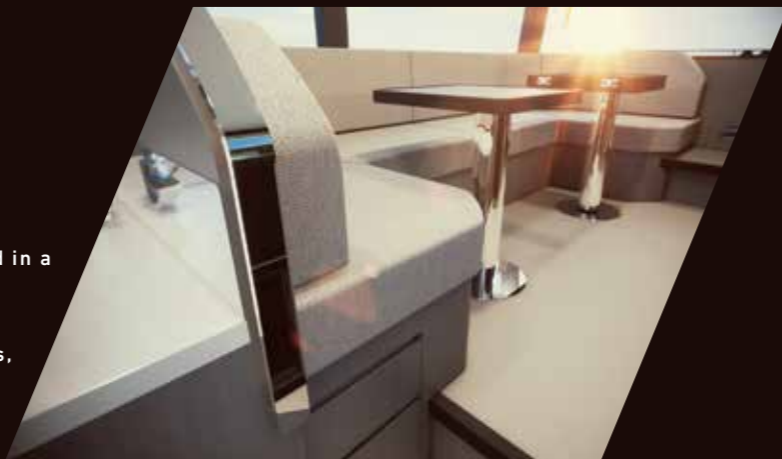

Escape from the demands of daily life and unwind in a serene interior designed to be an oasis at sea.

The main salon is surrounded by panoramic windows, offering an unparalleled sense of openness.

As the setting sun casts a glow over the monotone-designed interior, it transforms the space into an entirely new atmosphere.

Crafted with premium materials, delivering ultimate comfort while gently rocking with the waves. A floating suite wherever you berth.

The CX570 also features the latest vessel handling support systems, ensuring effortless maneuverability. Its quiet operation and smooth ride truly embody the excellence of a flagship yacht.

EXTERIOR LAYOUT

Cruising Specification

Enjoy 360-degree panoramic ocean views and embrace the refreshing sea breeze.

The cruising layout features an aft cockpit, foredeck, and flybridge, providing ample space to relax.

With flexible configurations, the yacht can comfortably accommodate large gatherings for a variety of social occasions.

Fishing Specification

Designed to accommodate diverse marine lifestyles, the fishing layout is optimized for serious anglers.

Offering a high level of customization, users can install a range of equipment to suit their needs.

The CX570 delivers the functionality and convenience of a true fishing boat, ensuring an exceptional experience on the water.

YANMAR 6LT

TECHNOLOGY

Cutting-Edge Innovation for an Unmatched Boating Experience
The Deep-V hull delivers superior wave-handling performance and outstanding ride comfort by reducing impact while maintaining quiet operation. Equipped with twin YANMAR 6LT640 engines, the CX570 offers exceptional power and peace of mind.

Advanced docking assistance, station-keeping, and gyro stabilization (optional) help reduce the stress of vessel operation. These state-of-the-art technologies provide an effortless and enjoyable boating experience.

By developing its own hulls, engines, and key marine equipment, YANMAR ensures the highest level of quality and reliability for a wonderful user experience.
