- Let's bring home our own garbage
- Let's stop throwing garbage into the water
- Let's keep our manners on the sea

Safety precautions

- Before using, please read the instruction manual carefully and use it correctly.
- Unreasonable operation shortens product life and may cause engine failure or accident.
- Be sure to perform periodic inspections to prevent engine failures and accidents.

If you have any comments or questions about the product, please contact us through contact_ymia@yanmar.com

When the Ocean Calls

VX30B's cabin is spacious.

Whether you want comfortable cruising or exciting fishing, the VX30B cabin provides a relaxing space where you can enjoy the sea to its fullest.

DIESEL INBOARD FISHING CRUISER

VX30B

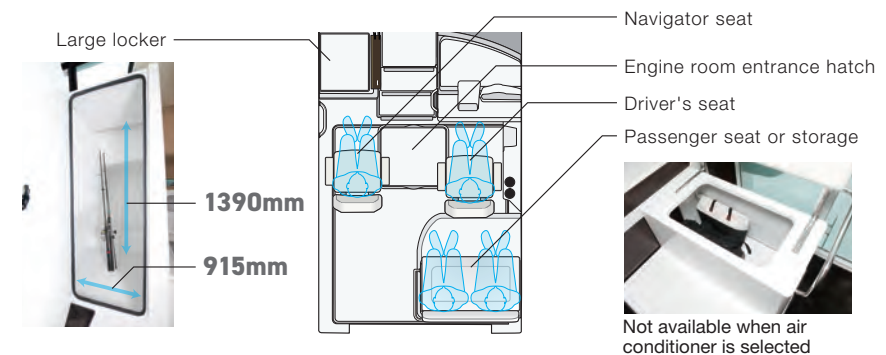

A spacious cabin for looking out onto the horizon.

Cabin

With a ceiling height of 1830 mm, the cabin is designed so that people sitting in the passenger seat have the same line-of-sight as the captain. The cabin offers plenty of storage space including large lockers, and the back area can be customized based on customer needs. For additional comfort, a factory option marine air conditioner can also be installed.

Customizable and reliable marine engine and gears.
A smooth and quiet ride helps bring out lively conversations with family and friends.

■ **8LV350 electronically controlled common rail engine**

The world-renowned electronically controlled 8LV engine is fuel-efficient, powerful, environmentally friendly, and has excellent durability. Furthermore, it is equipped with a large 500L fuel tank, enabling long cruises.

■ **KMH61A-1S marine gear**

Improved durability, adoption of a trolling system with propeller speed feedback function, etc., like the 8LV engine, it is customized for any fishing style.

■ **Soundproof double structure**

A double-layered deck with sound-absorbing insulation reduces engine noise. Engine vibration mounts and a muffler further suppress vibration and noise for a quieter, smoother ride.

Aft-side engine room hatch

VC20 control system

■ Double layer floor
■ Sound absorbing material

Advanced styling for a smoother, more comfortable ride.
Enjoy the thrill of driving.

Helm station

Driver's seat

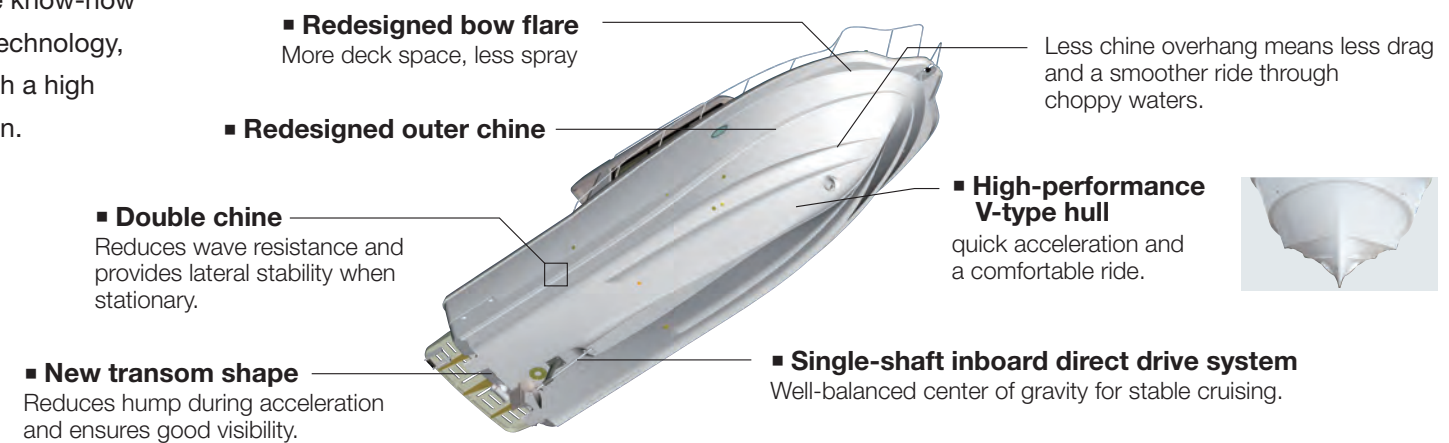

Overhead of driver's seat console

Window wipers

The counter space and the top of the large locker can accommodate up to three 10-inch-class displays, such as a GPS. The overhead console can also be fitted with equipment such as a VHF radio and audio system. An armrest-equipped driver's seat lets you fine-tune your helm position for optimal control and comfort.

Utilizing our unique know-how and cutting-edge technology, we design hulls with a high degree of perfection.

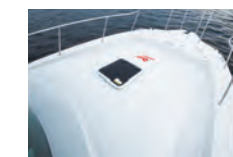

Suitable for a wide range of fishing styles

Aft Deck

Anchor storage

Bow rail

Storm rail

Side deck

Open bulwark

Large livewell

Storage/propeller & steering inspection compartment

A spacious, flat aft deck—2,740 mm wide and 2,250 mm deep—is set close to the waterline and paired with 630 mm bulwarks for comfortable fishing. With a generous bow deck and an easy-to-rig layout, it's designed to support a wide range of fishing styles.

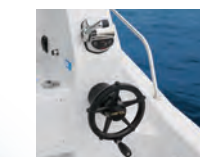

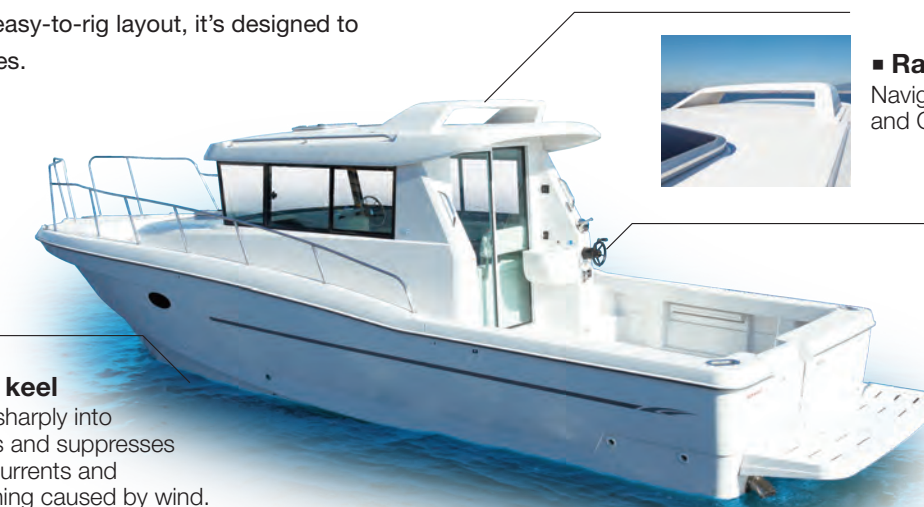

■ Radar arch

Navigation instruments such as radar and GPS antenna can be installed.

■ Fin keel

Cuts sharply into waves and suppresses side currents and punching caused by wind.

■ Aft deck steering station

As an option, steering can also be done from the aft deck.

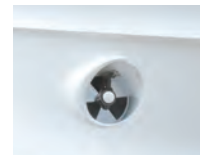

Secure, comfortable marina berthing and mooring

A bow thruster makes docking and undocking easy, while comfort and safety-focused features, such as a large rear door for easy access come standard. An optional aft sink is also available for added convenience.

Specifications

Model	VX30B
Length Overall	9.57m
Beam	3.20m
Overall depth	1.82m
Engine model	8LV350
Maximum output *FW output value	257kW/3800min ⁻¹ [350ps/3800rpm]
Rated output	234kW/3683min ⁻¹ [318ps/3683rpm]
Installation method	Anti-vibration
Fuel tank	500L
Gross Weight	4140kg
Clutch reduction ratio	KMH61A -1S [2.04]
Steering	Static hydraulic
Remote controller	Electronic single-lever
Battery	145G51×1/115F51×1 sub-battery
PTO	400mm
Propeller installation type	Bracket type
Propeller	3-blade integrated aluminum bronze

*The height from the draft to the surface of the water indicates the value when the boat is lightly loaded.

General Equipment List

[• Standard □ Factory option]

Bow	• Transom step	• Skylight hatch x2 (port side/starboard side)
• Bow sprit	• Electric trim tab	□ Marine air conditioner
• Anchor storage with lock	• Aft deck steering station	Berth
• Cleat	• Aft deck sink ^{*1}	• Berth cushion
• Bow pulpit	• Deck washer	• Shelf
• Bow rail	□ Aft deck awning	• Back rest
• Electric bow thruster	□ Spanker	• Sea view window
• Navigation light	Cabin	• Roomlight
• Bow roller (incl. cleat)	• Overhead console	• Skylight hatch
Cabin exterior	• Counter	• Table
• Wiper	• Destroyer wheel with knob	Toilet
• Window washer	• Analog meter	• Marine toilet
• Storm rail	• Switch panel	• Fan
• Radar arch	• Flood alarm	• Toilet paper holder
• Hand grip	• Breaker panel	• Door
• Fuel port with key	• Remote-controlled battery switch	• Sea view window
• Sliding rear door	• Cup holder	• Roomlight
• LED aft deck light	• Driver's seat with armrest ^{*2}	• Sink ^{*1}
• Search light	• Navigator seat with armrest ^{*2}	Engine room
• Marine horn	• Foot rest	• Exhaust Silencer
□ Shore power equipment	• Passenger seat	• Ventilator
Aft Deck	• Sliding side window (port side/starboard side)	• Bilge pump
• Large live well with lock	• Counter pad	• Seawater strainer
• Storage with lock x 2	• Side pad	• Stern tube with seal
• Propeller/steering compartment	• Large locker with door	• Shock absorbtion rubber
• Propeller inspection window	• Side panel shelf	• Static hydraulic steering system
• Engine room entrance hatch with lock	• Side panel locker	• LED engine room light ×2
• Transom gate	• Large hand rail	• Main battery
• Mooring hole	• Small handrail	• Sub battery
• Cleat	• Roof rail	□ Marine Generator
• Exhaust muffler cover	• Roomlight	
• Boarding ladder	• Engine room entrance hatch	

*1. Incl. 60L fresh water tank *2. with rotary/sliding damper
